Harshit Agrawal

New Media Artist | harshit.rnnh@gmail.com | harshit@alum.mit.edu | Ph: +91-7506779882 | Social Media: @harshitrnnh | Portfolio: harshitagrawal.com

Education

MS in Media, Arts and Sciences – MIT Media Lab (Sept'14 – Jun'16) Advisor: Dr. Pattie Maes, Fluid Interfaces Group

Bachelor of Design – Indian Institute of Technology (IIT) Guwahati (July'10 – Apr'14)

Selected Work Experience

Google Arts and Culture – Creative Tech (Feb'23 – Feb'24)
First artist in residence for Google Arts and Culture in India.
Projects live: *Matchbox Momentos* and *Sanskrit Selfie*.

Adobe Design Machine Intelligence and New Technologies (Sep'19 – present)
Project Domain: Designing the future of creative expression with Artificial Intelligence.

Conduent Labs India (Formerly Xerox Research Center India) (Mar'18 – Sep'19)
Project Domain: Human Computer Interaction research in online commerce platforms and IoT transport infrastructure.

Research Assistant: Fluid Interfaces Group, MIT Media Lab (Sep'14 – June'16)
Project Domain: HCI, IoT, Physical Computing, Digital Fabrication, Machine Learning and Human Interaction

Selected Patents

Method And System For Dynamic Visualization Of A User Journey For Customer Support, 2020. Harshit Agrawal, Jayati Bandyopadhyay, Nupur Labh, Snigdha Petluru.

Persona Based Intervention, 2020. Harshit Agrawal, Jayati Bandyopadhyay, Nupur Labh, Sandya Srivilliputtur Mannarswamy, Snigdha Petluru.

NeurTEx: A Neural Framework for Template Extraction from an inspirational image, 2021 Vinay Aggarwal, Bhanu Prakash Reddy Guda, Balaji Vasan Srinivasan, Niyati Chhaya, Vishwa Vinay, Rizurekh Saha, Chloe McConnel, Harshit Agrawal, Prabhat Mahapatra

Object layers - Layer Creation and Editing from Images based on Object Identification. 2021 Harshit Agrawal, Lokeshwar Krishnamurthy

Selected Academic Publications

- Agrawal, H., Yamaoka, J., Kakehi, Y. "(author)rise: Artificial Intelligence Output Via the Human Body." Annual Symposium on Intelligent User Interfaces (IUI), 2018. Demo.
- S. Leigh, H. Agrawal, and P. Maes. "Robotic Symbionts: Interweaving Actions by Human and Machine Extensions". IEEE Pervasive Computing - Special Issue [Augmenting Humans] 2018
- Agrawal, H., Umapathi, U., Kovacs, R., Frohnhofen, J., Chen, H. T., Mueller, S., Baudisch, P. "Protopiper: Physically Sketching Room-Sized Objects at Actual Scale." Annual Symposium on User Interface Software & Technology (UIST), 2015. Research Paper and Demo. People's choice award for best demo.
- Agrawal, H.*, Leigh, S. W.*, Maes, P. "L'evolved: Autonomous and Ubiquitous Utilities as Smart Agents." International Joint Conference on Pervasive and Ubiquitous Computing (UBICOMP), 2015. Research Note and Demo.
- Leigh, S. W.*, Agrawal, H.*, & Maes, P. "A Flying Pantograph: Interleaving Expressivity of Man and Machine." Tangible, Embedded and Embodied Interaction (TEI) 2016. Arts-exhibition.
- Agrawal, H., Kapur, A. "Human Art in Collaboration with Machine Intelligence" Book article in Drawing Futures book, 2016. UCL Press and Riverside Architectural Press. Book Article.
- Leigh, S. W., Agrawal, H., & Maes, P. "Z-drawing: A Flying Agent System for Computer-Assisted Drawing." SIGGRAPH Posters, 2015. Poster. Semi-finalist in student challenge.
- Agrawal, H., Jain, R., Kumar, P., & Yammiyavar, P. "FabCode: Visual Programming Environment for Digital Fabrication." Interaction Design and Children (IDC), 2014. Research Note and Demo.
- Agrawal, H.*, Jain, R.*, Kumar, P. "Looking at Programing as an Integral Part of FabLab Workflow." Interaction Design and Children (IDC), 2015. Workshop paper on 'Every Child a Coder'.
- Agrawal, H., Maes, P. "Creating New Ways of Experiencing and Expressing Poetry." International Symposium of Electronic Arts (ISEA), 2015. Demo.
- Agrawal, H. "Fractal Kits : Code, Cut, Construct". Digital Fabrication in Education Conference, FabLearn, Stanford University. 2013. Short Research Paper and Poster.
- Kumar, V., Agrawal, H., Jain, R., Maini, A.B., Kumar, P. "e-Tely – Electronic stamps for augmenting emails". OzCHI 2013. Short Research Paper.
- Agrawal, H., Budhiraja, R., Maes, P. "Vehicles 2.0 - Bringing life to Braitenberg's thought experiments", ISMAR 2013 (Accepted but could not attend). Demo.

Selected Exhibitions

- Exo-Stential - AI Musings on the Posthuman at Emami Art Gallery (India, Sept-Oct 2021). India's first solo show of AI Art.
- Mirror/Maze - Echoes of song, space, Spectre at Kiran Nader Museum of Art (India, October 2023 - Jan 2024, Jan 2024 - Mar 2024).
- Matchbox Momentos at Google Arts and Culture (Museum of Art and Photography (MAP Bangalore) and Online at Google Arts and Culture App, February 2024). Google Arts and Culture's first artist in Residence in India.
- One Story is Not Enough at India Habitat Center (Delhi, India, Jan 2023).
- Techné Disruptors NYC Edition (Highline Nine Gallery, New York City, USA, Sept-Oct 2022).
- Hub India, Artissima Art Fair (Turin, Italy, Nov 2021).
- Accademia Albertina di Belle Arti di Torino (Turin, Italy, Nov 2021)
- Techné Disruptors at India Habitat Center, Parallel of the India Art Fair (Delhi, India, April 2022).
- Vichitra Desh, Queer Nation at India Habitat Center (Delhi, India, November 2023).
- Gradient Descent at Nature Morte Gallery (India, Aug-Sep 2018). First ever AI art show in a contemporary art gallery internationally - i was the only Indian artist among 7 AI art pioneers.
- Otherly Spaces/ Knowledge at Asia Culture Center (Gwangju, Korea, Mar 2018).
- Heinz Nixdorf MuseumsForum (Germany, permanent collection on AI art, opened in Oct 2018). HNF Museum is the largest computer science museum in the world.
- NVIDIA GTC AI Art Gallery (Online April 2021). NVIDIA GTC is the world's largest AI Event and NVIDIA the largest AI Hardware Company
- Intertwined Intelligences (Curated and Exhibited Online Aug 2022). Curated and exhibited at India's first NFT AI show at Terrain.art. Curated 5 other international AI artists for the show.
- Kampüste Dijital Sanat (Istanbul, Turkey, Jun 2022)
- Ars Electronica Festival (Austria, Sep 2017).
- Art-AI Festival (Leicester, UK, 2021)
- CADAF Online Art Fair - Solo exhibition by Artxcode of my AI Artworks (June 2020).
- Generative Art Exhibition at Superrare (a premier curated blockchain based art platform). Only Indian to be selected to show work at Superrare.
- Augmenting Creativity at Nanjing Arts (China, Nov-Dec 2019).
- QUT Art Museum (Australia, Aug-Oct 2017).
- Musuem of Tomorrow (Brazil, Year long exhibition on AI - 2018).

- Przemiany Festival at Copernicus Science Centre (Poland, Sep 2018).
- Laval Virtual (France, Apr 2018).
- AI and Inclusion Symposium (Brazil, Nov 2017).
- Alt-AI, School for Poetic Computation (USA, May 2016).
- Art Center Nabi (Korea, Aug 2016).
- Tangible, Embedded and Embodied Interactions (Netherlands, Feb 2016).
- International Symposium on Electronic Arts (Canada, Aug 2015).
- BeFantastic Festival (Bangalore 2017).

Selected/Invited Talks

- Matchbox Art - Museum of Art and Photography (MAP, Bangalore February 2024)
- Arts & Digital Innovation at British Council (Online, March 2024)
- AI and Society Confest, Alliance University and Bangalore International Center (Bangalore, March 2024)
- New Realities of Art, Art Mumbai (Mumbai, November 2023)
- G20 Cultural Tracker - Intersections: Arts, Culture & Technology (Bengaluru, July 2023)
- Ignition presented by Shoma Chaudhary and Shiv Nader Foundation (Gurugram, April 2023)
- Bangalore International Center (Do Wires Dream of Veins) (Bangalore, August 2023)
- TEDx SAJS Lucknow Youth (Lucknow, December 2023)
- Techné Disruptors Panel at Jaipur Literature Festival NYC Edition (New York, September 2022)
- Art-AI Festival (UK - online, August 2021)
- TEDx Surat (Surat, September 2018)
- TEDx SIBM (Bangalore, February 2019)
- TEDx Youth at CIRS (Coimbatore, September 2019)
- Art Fervour Festival (Online, March 2021)
- MIT Media Lab AI and Creativity Course (Online, September 2020)
- INK Talks 2016 (Goa, 2016)
- PICNIC Brazil 2016 (Brazil, 2016)
- Japan Science Technology Government Forum (Online, 2017)
- AI, AR Art at Laval Virtual (China, 2018)
- Kolkata Design Week (Kolkata, 2019)
